President's Corner

"Our membership has grown and then held steady at 130."

It is hard to believe how fast this chapter year is unfolding and it's shaping up to be a fine one. Professional Development Events have been highly attended and well rated. Our joint meetings with other organizations have worked out even better than we had anticipated by providing added networking benefits, broader speaker topics and additional resources to plan the events. Our membership has grown and then held steady at 130. Our education program has remained active with renewed classes with existing companies and interest by additional local companies and individuals. The chapter had 6 members represented at the International conference in Toronto. We've had at least 2 board members at each of the three districts meetings and even presented "best practices" at the last one. And in January we hosted a district instructor training event with the help of member company

ODI in Daytona Beach. All of this is accomplished with the fine efforts and hard work of a dedicated team on our board of directors and I want to thank all of them for the tremendous contribution they make in volunteering their time.

There are more great things ahead. In April we have a plant tour at Correct Craft just east of Orlando. In May, we wrap up the chapter year with our membership recognition night. Make sure you mark up your new 2010 Calendar with these events and remember, if you bring three people with you, you get in free.

Fred Griffith CPIM
President
Mid Florida APICS Chapter

Are you interested in serving on the Chapter Board of Directors?

Volunteers are now being accepted for the 2010-2011 BoD.

Please email Jean Krupinski at reservations@apicsorlando.com before April 30 indicating your interest.

Your help needed

One of our chapter members, Chris Noble, is looking for your help. As a graduate student at Embry-Riddle Aeronautical University, he is working on his master's research project, which is a study of supply chain communications and the relationship to excess inventory. He has a quick, 11 question survey that he would appreciate it if you could take 5-10 minutes to answer. The survey is on the web at <http://www.surveymonkey.com/s/chrisnoble>.

Any questions about the survey or the study, please email Chris at chrisnoble111@gmail.com.
